WE ARE A CREATIVE 3D PRINTING STUDIO

that turns imagination into reality. From prototypes and replicas to displays, tokens, and large-scale installations, we craft custom solutions with precision and impact. With full flexibility and no minimum order, we blend design, technology, and craftsmanship to make every idea stand out.

3D PRINT

LARGE BUILD

#HuntTheVee campaign, bringing their iconic character “Vee” to life through custom 3D-printed designs. Our team produced **high-quality 3D-printed figures** showcased across six secret locations around **Singapore**, blending creativity, precision, and innovation to deliver an engaging brand experience.

1:1 REPLICA

LARGE BUILD

3D print a **1:1 scale Formula 1 car** head for their event showcase. The piece was specially crafted for **photo opportunities and brand engagement, demonstrating** our capability to bring large-scale creative ideas to life through precision **3D printing and innovative design.**

ARCHITECTURE

SCALE MODEL BUILD

We proudly created a detailed **building model** for the **Singapore Chinese Chamber of Commerce & Industry's 60th Anniversary Exhibition**. The model features intricate miniature decorations, **3D-printed components**, and **hand-painted finishing**, showcasing precision craftsmanship and creative design for an elegant display in their exhibition hall.
